To fund a CVI is very onerous on a small discipline like vaulting in South Africa, and the entry fees for the CVI were inflated to ensure that we were able to cover all costs associated with the CVI. We are extremely proud of our vaulters and the hard work they, their coaches and lungers have put into this CVI. Now we need to look towards securing funding to make it possible for these athletes to represent South Africa, and Zimbabwe – a first in vaulting history, at the Junior World Championships in Austria in July.
